

DeKalb County

Human Resources Department

May 27, 2003

TO: Marilyn B. Drew, Director, Parks and Recreation

FROM: Joe E. Stone, Human Resources Director

SUBJECT: Position status change

As a follow up to our conversation, this is official notification that the personnel action effecting your appointment to the position of Director of Parks and Recreation has been corrected in accordance with Section 20-4(l) of the Code of the DeKalb County pertaining to "Exempt positions designated." Specifically, your appointment as Director of Parks and Recreation was processed in error as a merit status appointment. It has been corrected to reflect the appropriate merit-exempt status appointment.

This action is necessary because your appointment as Director, Parks and Recreation was effected after the Board of Commissioners' approved changes to Section 20-4(l), of the Code of DeKalb County which changed the position from merit to merit-exempt status. This Board action supersedes previous Code provisions pertaining to the status of your position.
