Atlanta, GA 30302 - 0312

Re: Ethics Complaint No. CO-08-007

Dear Ms. Looney:

This is a response to your letter date November 9th, regarding my District 4 Newsletter and if City funds were used to pay for it. The answer is "No".

I have enclosed 2 checks from my campaign account: # 498 is for the graphics art work that was done for the newsletter. Please note the date of the cancelled check was October 26, 2009. I have cameras and took my own pictures for the newsletter. In addition, today I picked up a copy of the newsletter bill and also paid for that with check # 508 for \$5,135.00 from my campaign account.

As you are already aware, I also provided you with my newsletter. The newsletter was hand delivered to residents in District 4; nothing was mailed out from the city's mailroom. Please feel free to check with the city's mailroom.

Please know that I use my city council address, phone number and fax number because these are permanent numbers where people can call my office about city concerns. Campaign phone numbers and post office boxes are only used during campaign season. The best way for constituents to reach an elected official is through their government number. I am enclosing two other newsletters where I used my City Hall address.

I hope this provides you with the information that you have requested.

Sincerely,

Cleta Winslow
Councilmember, District 4 Atlanta City Council
