CASE NO.

CONSENT ORDER

This matter comes before the State Ethics Commission pursuant to a sworn, written complaint filed by George Anderson on September 21, 2000. The Commission, having considered the complaint, the remedial actions taken, and the preliminary investigation conducted by the staff, now makes the following findings and conclusions.

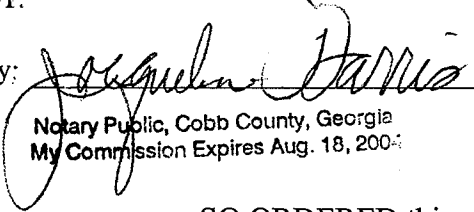

- As reported in the 2000 45th day before primary campaign contribution disclosure report amendment, the Respondent has shown sufficient information to comply with O.C.G.A. § 21-5-34(b)(1)(B).
- As reported in the 1998 final campaign contribution disclosure report amendment, the Respondent has shown sufficient information to comply with O.C.G.A. § 21-5-34(b)(1)(B).
- As reported in the 1998 6th day before primary runoff election campaign contribution disclosure report amendment, the Respondent has shown sufficient information to comply with O.C.G.A. § 21-5-34(b)(1)(B).
- The Respondent was unable to amend the violations to O.C.G.A. § 21-5-34(b)(1)(A) on the following campaign contribution disclosure reports: 1998 final report, the 1998 15th day before general report, the 1998 6th day before primary runoff election report, the 1998 10th day after primary election report, the 1998 15th day before primary report, and the 2000 45th day before primary report. The Respondent's campaign records did not document the necessary information to facilitate amendments. The Respondent affirms that no checks were accepted during the legislative session and that any checks received during the legislative session were immediately returned.

O.C.G.A. §21-5-34 (b)(1)(A) and (b)(1)(B) require that Campaign Contribution Disclosure Reports provide full disclosure of "the amount and date of receipt, along with the name, mailing address and occupation of any person making a contribution of \$101.00 or more..." and "the name and mailing address and occupation or place of employment of any person to whom an expenditure of \$101.00 or more is made and the amount and general purpose of such expenditures..." The Respondent agrees to provide such information on future reports and cease and desist from any and all violations of the Ethics in Government Act or of any rule or regulation issued by the Commission.

In consideration of the Respondent's remedial actions which include filing amendments with the local filing officer and Secretary of State, the Commission deems that the questioned reports (the 2000 45th day before primary campaign contribution, the 1998 Final campaign contribution disclosure report, on the 1998 15th day before general election campaign contribution disclosure report, the 1998 6th day before primary runoff campaign contribution disclosure report, the 1998 10th day after primary campaign contribution disclosure report, the 1998 15th day before primary election campaign contribution disclosure report, and the 1998 45th day before general election campaign contribution disclosure report) are now in compliance with the Ethics in Government Act. The Respondent consents to the foregoing findings of fact and conclusions of law and agrees to comply with the terms of this order.

The State Ethics Commission accepts the foregoing statements as its findings of fact and conclusions of law, and the Respondent is ordered to comply with all terms of this order.
