Re: Non-exclusive licenses, Sea Isle Supreme

Dear Mr. Carraway:

I am writing to announce that the University of Georgia Research Foundation and the Georgia Seed Development Commission will grant no new licenses of Sea Isle Supreme through March 7, 2015.

We will continue our current practice of allowing Sea Isle Supreme domestic licensees to acquire international licenses on the same terms as those international licenses already granted.

We appreciate the efforts of the Sea Isle Supreme Growers Association and wish you even greater success in the future.

Sincerely,

David Lee
Executive Vice President
University of Georgia Research Foundation, Inc.
